

WHITES HILL STATE COLLEGE

Imagine Believe Achieve

Principal's Welcome

Welcome to Whites Hill State College, a Prep-12 College where we are committed to the holistic development and the personalised learning of our students.

Whites Hill State College offers an environment in which students are surrounded by possibility and opportunity across the academic, cultural and sports areas. Additionally, we pride ourselves in providing a wide range of other learning opportunities and programs in the areas of extra-curricular enrichment, personal development, leadership and social-community responsibility.

Being a Whites Hill State College student is something special. We have a very proud history of our graduating students going on to contribute to our society through their achievements in the workforce as well as through being active and engaged community members. Our past students talk to us about the opportunities they experienced while attending Whites Hill State College.

Our college has a strong direction underpinned by our motto of Imagine, Believe, and Achieve. We commit to innovative teaching to inspire creative and curious learners, to developing our young people as global citizens who are empowered to make a powerful difference in the world.

Our outstanding staff are committed to knowing every student and making a positive contribution to their lives, both whilst they are at the college but equally importantly to the type of adults they are destined to become. We pride ourselves on inspirational teaching and quality learning outcomes.

Positive, authentic relationships, where each and every one of our students is known and cared for, is key for the successful individual learning journeys we provide our students. We value the relationships between student, teacher and parents as a key factor to student happiness, growth and engagement in school.

We recognise and value the power of having strong partnerships between students, staff, parents and the wider community. These partnerships enable us to enact our values and our commitment to providing a world class education for every student.

I invite you to join us on a walk around tour, peruse our website, and browse our Facebook page to discover all that is on offer when you join the Whites Hill State College community.

I look forward to our College providing your child with every opportunity to develop personally and educationally to achieve their individual chosen pathways.

We look forward to welcoming you to our Whites Hill State College community.

Richenda Wagener
College Principal

Imagine

Imagine a P-12 College that tracks and personalises programs for students over 13 years of schooling.

Believe

Believe in an education environment that embraces innovative teaching practices to encourage confident, creative and curious learners.

Achieve

Achieve best results through learning experiences and spaces that engage students in project based learning.

High Expectations

High expectations are met as our expert teaching team inspires and engages students to become solution-focused learners for a rapidly changing world.

A photograph of two students in school uniforms hugging from behind in a hallway. The student in the foreground is wearing a maroon blazer and has a long braid. The student being hugged is wearing a light blue shirt. Other students in uniforms are visible in the blurred background.

Authentic Relationships

Authentic relationships are created through strong and sustainable partnerships to enrich our students' academic journeys.
