

# TESTIMONIALS

---

*Whites Hill State College is a wonderful school, as we have a good study environment here. The College provides an Arts & Asia centre for us and as an international student I get a lot of help from different subject teachers.*

***Sun Ruiyao, previous Year 12 student***

*I am a Korean student in Year 12 at Whites Hill State College. I am proud to introduce our College to you as this is such a great place to be! What I really like is that there are great teachers who care for students and work hard for us. Also our College has lots of fun activities throughout the year such as Little Day In, International Camp, Excursions, and much more.*

***Daeun Oh, previous Year 12 student (OP1)***

*I have studied in Whites Hill State College for two years and this school is a wonderful place to learn. Our school has lots of teachers and students who always take care of us when we have a problem or need help. My favourite thing about this school is my friends and the international teachers. It is hard for International Students to come overseas and study but we are lucky to have a supportive environment at Whites Hill State College.*

***Kanyanee Wongsbudh, previous Year 12 student***

*Whites Hill State College is a fantastic school and I like studying here very much. I have a lot of international friends at this school, friends from Korea, Japan, Philippines, China and even Russia. The teachers at this school respect the cultural differences we have and find ways to incorporate them into our College environment. The teachers also help us a lot with our English, I like this school very much and are very happy to study here.*
